The most common types of bullying are verbal and social.

**Every 7 minutes a child in the U.S. is bullied**

**64% of students who are bullied don’t report it**

**More than 160,000 children miss school every day out of fear of being bullied**

**Most bullying takes place in school, outside on school grounds, and on the school bus**

**A RISING TRENDS**

Cyberbullying

Kids who are being cyberbullied are often bullied in person as well and have a harder time getting away from the behavior.

**90% of teens** who report being cyberbullied have also been bullied offline.

Cyberbullying messages and images can be posted anonymously and distributed quickly to a very wide audience.

Cyberbullying can happen **24/7** and reach children even when alone, **day or night**.

Deleting inappropriate or harassing messages, texts, and pictures is extremely difficult after they have been posted or sent online.

**ENOUGH IS ENOUGH.**

Through our partnership with Defeat the Label, Meemic Insurance Company and The Meemic Foundation encourages everyone to be more vocal about the negative impact of bullying. Let’s all Stand4Change!
